*BLACK DRAGON (Koishu Gosh) (Kokuryo):
Dark red. Very large, irregular semi-double to loose peony form.
Vigorous bushy M.

BLACK DRAGON VARIEGATED:
Very new variety have same description as Black Dragon but has
small white spots in petals. Slightly fragrant, flowers persistent.
M.

CHALICE (Hana-Fuki) (Mrs. Howard Asper):
A large, incomplete double, delicate pink with three rows of petals.
Color almost identical with that of Debutante.

* Denotes with buds - to bloom - or bloomed.
OR Denotes own roots.

*CHARLOTTE BRADFORD (Var. Thelma Dale):

Variegated form of Thelma Dale.

DAIKAGURA:

Double, peony form, large deep rose. E

DAIKAGURA VARIANT:

Same as Daikagura but beautifully variegated with white spots. E

*DONCKELARII:

A very famous and best-liked of the older camellias. The flowers are large, semi-double, brick-red, flecked with white, with attractive stamens in a long crown. Very showy.

*FLAME:

Deep flame red. Large, semi-double. Vigorous, upright, compact growth. M

FLORENCE STRATTON:

White, some petals solid pink. Large, formal double. Vigorous, bushy grower. M

GALILEE:

Pink, very large, semi-double to loose peony form. Vigorous, slender growth. M

*GOV. EARL WARREN:

Rose red. Large rose form double M-L.

*GLEN 40:

Deep red. Large formal to rose form double. Slow, compact upright growth. M-L

HIGH HAT:

Pale pink sport of Daikagura. E

*HISHI-KARAITO (Emily Brown):

Delicate lavender pink, small bell shaped flower. Very sweet and unusual type.

*K. SAWADA (Plant Patent No. 431) (Silvermoon):

White, large, formal double. Vigorous, semi-upright, compact growth. M

LADY HUMES BLUSH (Buff - Incarnata - Flavescens):

White blushed pink. Medium, formal double, slow, loose, spreading growth. M

*LA REINE VARIEGATED:

A sport of the pink Camellia, Lady Mary Cromartie; like the parent but flecked and spotted white.

- *MME. CHIANG KAI SHEK (Frau Geheimrat Oldevig):
Red marbled white. Large, semi-double. Slow compact growth. Similar to Donckelaari. M
- *MAGNOLIAEFLORE (Rose of Dawn - Hagorome):
Blush pink. Medium large, semi-double. Medium compact, upright growth. M
- *MINE-NO-YUKI:
Medium-sized pure white; double, the outer petals cupped towards the center; central petals interspersed with a few stamens. Mid-season. This is a Japonica variety.
- *MRS. BALDWIN WOOD (Thunderhead):
Flesh and pink. Large, semi-double to rose form double. Medium, upright growth. M

splotches.

*VIRGINS BLUSH:

White flushed. Faintest pink, medium rose form double.

*YOBEKI DORI:

White flushed pale pink. Large, semi-double slow, compact growth.

#####

WE SUGGEST THE FOLLOWING IN PLANTING CAMELLIAS IN CONTAINERS:

1. Dig a hole about twice as deep and wide as plant ball.
2. Mix dirt from hole: 7 parts dirt - 3 parts peat moss and 2 parts sand. If you have sandy soil omit the sand. If heavy soil add 2 or 3 parts more peat moss.
3. Loosen roots from root ball so roots will easily enter new soil around ball.
4. When finished top of soil of root ball should be 1 or 2 inches higher than ground. Mulch 2 or 3 inches deep with oak leaves, Peat Moss, pine needles or any good mulshing material. DO NOT PLANT TOO DEEP.
